## Giving Back Matters

Impact Fairfield County recently held its second annual meeting at UCONN Stamford and awarded \$180,000 to five Fairfield County nonprofit organizations.

The group received fifty-one proposals from nonprofits seeking support for new projects and programs. After an extensive, months-long review process, the \$100,000 Impact Grant recipient was chosen by a vote of 173 Impact Fairfield County members. The Center for Sexual Assault Crisis Counseling and Education was the deserving winner. Four finalists, Building One Community, The Center for Family Justice, International Institute of Connecticut and SoundWaters, were each awarded \$20,000 general operating grants.
